Universal Music artists will see their songs made available on WhatsApp for the first time, after the record label struck a new licensing deal with Meta Platforms.

Major U.S. stock indexes gyrated between minor gains and losses before closing mixed, leaving the S&P 500 essentially flat, the Nasdaq 0.2% higher and the Dow down 0.4%.

Canada's rail operations face the risk of a shutdown later this month after the country's labor-relations board effectively opened the door to a strike by unionized workers, or a lockout.

Shares of BT rose 8.4% after Bharti Global agreed to buy a 24.5% stake in the telecom company from Patrick Drahi's Altice UK through its wholly owned subsidiary.

Bank of Nova Scotia agreed to invest \$2.8 billion in KeyCorp, positioning itself for new commercial opportunities and strengthening its foothold in the U.S. market.

Gold Fields is set to buy Osisko Mining for \$1.57 billion, giving the South African company full control of the Windfall project in Canada.

Cybersecurity companies posted mixed financial results in the latest quarter, buoyed by a series of major hacks this year, but hampered by a volatile economy and cautious customers.

Francisco Partners agreed to sell healthcare workforce management software provider QGenda to Hearst in a deal valued at between \$2 billion and \$3 billion, according to people familiar with the transaction.
